## Funding Update

### > The Strengthening the Voluntary Sector programme - 2006

The Baring Foundation has been reviewing its programme Strengthening the Voluntary Sector. This is currently composed of project grants up to £30,000 through open application and core costs grants, usually of £75,000 over three years which are only available through an invitation offered by the Foundation. Geographical limitations apply.

They have decided next year to merge these two streams into a single fund of larger grants. It is likely that these will range from £20,000 - £100,000 and be for up to five years. They will be open to application through an annual bidding process throughout the UK and will be focussed by one or more organisational development themes. Applications for sums under £20,000 therefore will not be considered after the end of this year. New guidelines will be issued in early 2006 and available on the web-site or by phoning the Foundation.

### > Forthcoming Big Lottery Environmental Programmes

These are to be launched in November 2005.

The Parks programme will aim to: provide better parks which are accessible to all and relevant to the needs of their communities; increase community involvement and pride in parks; improve safety; increase the number of skilled rangers, conservation officers and volunteers; ensure long-term maintenance and management by local authorities and communities. ## > Social Research with Joseph Rowntree Foundation

The JRF initiates programmes of research, commissioning and managing most projects, and disseminating the research findings to appropriate audiences to influence change.

The research and development programme of the JRF is directed by Anne Harrop, Director of Research, and her team of eight research managers. The core of the Foundation's work is a strong evidence base built from robust research findings and other research activity. The Foundation seeks to fund research and development which has the capacity to change policy or practice for the better. It does not fund the pursuit of knowledge for its own sake. The work is divided into a number of priority areas, each of which is supported by a specialist research committee.

There are two core committees focusing on poverty and disadvantage (PAD), and on housing and neighbourhoods (HANC), reflecting the key concerns of Joseph Rowntree and his son Seebohm (who carried out major surveys of poverty in York). These are enduring themes of the Foundation and they expect to fund projects in these areas for the foreseeable future. There are also a number of themes and developments supported by committees which will fund projects for around three years.

To date JRF Trustees have agreed to support work on drugs and alcohol; the governance of public services, differences in parenting, independent living and immigration and inclusion. In addition, there is a Practice and Research Committee which funds research and policy and practice development activity which is directly linked to the concerns of the Joseph Rowntree Housing Trust (JRHT). Most of this work is internally developed or directly commissioned. The majority of proposals are canvassed under broad programme themes, or through specific briefs using the JRF website, email notification, direct mail, and, occasionally, advertisements.

In addition, JRF sometimes commissions work directly. Occasionally they will consider proposals arising from an unsolicited approach. Joseph Rowntree Foundation, The Homestead, 40 Water End, York, North Yorkshire YO30 6WP

### > Adventure Capital Fund

Adventure Capital Fund are looking for applications from organisations who feel that they are ready to use their investment as part of a finance package that will enable them to grow and become truly sustainable. Adventure Capital Fund would not normally cover the total cost but supply funding as part of a mixture of finance (which can be raised from other sources, eg: grants, funding from Banks or Community Development Finance Institutions). They will assess each investment individually, but intend mentoring, business advice and support to play an equal part with funding in their investment. ACF will only accept applications from organisations who meet all the criteria listed below:

- You must be an organisation: individuals cannot apply. An organisation might take the form of a Company Limited by Guarantee (CLG), with or without charitable status, or any other recognised structure.
- You must be working within a local community, which can be defined as a place (eg: inner city, small town, rural district etc) and people (eg: you work with local refugees, groups of disadvantaged young people etc).
- You need to be independent and community-led, not controlled by the private or public sector.
- You have to be working in England.
- You need to be involved in enterprise. This can be trade or any other income-generating activity, where you are intending to make surpluses that will be re-invested for the benefit of your community. For example: you may currently train people to deliver services or make goods which you then sell locally, using any surpluses to train more people and so grow both your organisation, your business and increase your impact on your community by providing local people with the skills to work. There are many activities that can generate income and we have no restrictions on the type or number of activities that you undertake.
- You must have a track record of delivering to your community.
- You must be able to plan and deliver successful community based enterprise activity.

The Adventure Capital Fund will not normally invest in organisations that have been running for less than a year. Your enterprise, however, might be a new activity for you that will contribute to the longer term growth and/or stability of your organisation.

## > GAIN

GAIN provides two main services to Charities, concentrating specifically in the Tax Efficient (Gift Aid) Market: Gift Aid Recovery, which undertakes and manages Gift Aid claims, on a 'no win, no fee' basis; Consultancy, which helps charities ensure that their Gift Aid procedures are correct and effective. The main advantage of the services provided by GAIN is that they are largely self-financing.

Their Gift Aid Recovery is calculated as a percentage of the additional Gift Aid that is recovered. So in the unlikely event that they are not able to claim back further Gift Aid for you, you will not pay them a penny. This service involves them doing a complete in-depth review of all your individual donations (going back to April 2000) and then determining which donations are eligible for back claiming Gift Aid and undertaking this recovery accordingly.

Their Consultancy is based on determining the scope of the work with yourselves, and fixing a fee accordingly. This covers items such as review of your Gift Aid systems and evaluation of your Tax Efficient Giving procedures. This service also covers additional areas where they are able to help you structure fundraising activities which may not initially appear qualify for Gift Aid, into a form where Gift Aid can be collected. Again, this will be self-funding, and you will have a very good idea in advance of the costs and returns. Some potential areas include charity auctions, fundraising dinners and sponsored events. Normally the rules of Gift Aid do not allow income from auctions to qualify for Gift Aid.

However GAIN has established a method, which has been approved by Inland Revenue, of claiming Gift Aid on auctions. GAIN acts as the nominee for processing the Gift Aid claim, so it will handle the submission and acceptance of the R68 and R68(2000) forms. The company only charges on a success or no-win no-fee basis: where it has secured Gift Aid income it charges 25% of the additional Gift Aid recovered, which equates to 5.5% of the total gross donation. There is also a fixed setup charge of £150.00, which is independent of the Gift Aid recovered.

GAIN, 51 Love Lane, Pinner, Middlesex, HA5 3EY Tel: 020 8868 1307 Email: [enquiries@gain.me.uk](mailto:enquiries@gain.me.uk) Website: [www.gain.me.uk](http://www.gain.me.uk)

## > Payroll Giving For Charities

A Home Office-funded initiative, the Payroll Giving Grants programme rewards small and medium sized enterprises (SMEs) that set up Payroll Giving with a grant of up to £500. Any employer, business or charity alike, is eligible for a grant so long as the organisation has fewer than 500 employees. What's more, the first £10 of each employee's monthly donations will be matched, £ for £, for a period of six months. Payroll Giving enables employees to give to any UK charity straight from their gross salary (before tax is deducted), giving immediate tax relief on those donations. This means that £10 donated each month costs only £7.80 for employees paying standard rate tax (£6 for higher rate taxpayers) and are worth as much as £20 to the charity (courtesy of the Government matching scheme for the first six months of your donations).

All charities and businesses with less than 500 employees that sign up to Payroll Giving before the end of December 2006, are eligible to receive a one-off grant of up to £500. Grants are tiered according to the number of employees, as below: Organisation size 1 - 199 employees - £300; 200 - 249 employees - £400; 250 - 499 employees - £500. Grants and matched donations will be backdated for any organisation that has signed up since 6 April 2004. Charities with fewer than 500 employees have much to gain from this programme. You have the opportunity to secure a grant of up to £500, as well as being on the receiving end of a regular, reliable donation flow. Payroll Giving has the potential to involve more employees than any other work-based fundraising initiative and to raise hundreds of millions of pound for charities across the UK.

Funded by Race Equality Unit of Home Office

Smaller community-based charities can benefit from the grant programme, as it can be an ideal way for local charities to engage local business and their employees. To make the most out of the Payroll Giving Grants programme, the Institute of Fundraising is offering training for charities.

### > **Online fundraising service tops £1 million**

Over £1 million has been donated to charities online through CAF's Tailored Efundraising service. Launched in August 2002, Efundraising enables charities of all sizes to accept secure, tax-effective credit/debit card and Direct Debit donations from their own website, without the need for a specialised trading and banking service.

Currently used by over 350 non-profit organisations, individual donations through the service have ranged from £5 to £10,000 and have been made from 100 countries including Australia, Belgium, the US, Canada and Japan.

Efundraising links a charity's website to secure donation pages which can be tailored to fit in with the look and feel of its own site. Working alongside World Pay, the leading e-commerce solutions company, CAF (Charities Aid Foundation) undertakes all the administration on behalf of the charity, from designing the donation pages, to processing gifts and reclaiming tax from the Inland Revenue. On average 76% of donations through Efundraising are made via Gift Aid compared to a sector average of 28%.

As well as UK sterling, charities can appeal for gifts in US dollars or Euros with further currencies added to their donation pages on request.

Charities are able to view statements of donations online, while CAF provides donor records and hard copy reports to further support their fundraising activities. In addition, charities are able to view donations being made through their websites in real time and a unique online tracking facility enables them to identify from which sites or emails their donations have originated. For more information about Efundraising call 01732 520 316 or visit [www.efundraising.org](http://www.efundraising.org)
